

# PEACH PETS ANIMAL WELLNESS SERVICES

Duluth, Ga 30096  
www.GaPeachPAWS.com

Great news! Peach PAWS Low Cost Vaccine Clinic will be coming to PetSuites Pet Resort and Spa during your pet's stay. If you want vaccines, the staff can bring your pet to the clinic and monitor them afterwards. At Peach PAWS we provide annual vaccinations, testing and minor care. We recommend that your pet see its regular veterinarian for normal healthcare since a full health evaluation is not given before vaccinating. While vaccinations are a normal part of veterinary care, some pets may have abnormal reactions associated with vaccines. If your pet has had a reaction to vaccines in the past, we do not recommend using our services.
